

Practical 1

Basic Document Setup and formatting Text

1 Introduction

This is a basic text latex document to learn about different font sizes and alignments.

2 Text formatting

Example of different text styles:

This is **bold text**.

This is *italic text*.

This is underlined text.

This is large text.

This is small text.

3 Text Alignment

3.1 Left Alignment

This paragraph is aligned to the left side of the page.

3.2 Right Alignment

This paragraph is aligned to the right side of the page.

3.3 Center Alignment

This paragraph is centered on the page.

3.4 justified Alignment

This paragraph uses the default LaTeX Alignment which is justified. The text is distributed between the left and right margins to create a clean document layout
